

Do you need any assistance, care or support? (Or do you know someone who does?)

A wide range of options delivered by North Somerset Council and independent organisations are available to provide support if needed. Care and support may be required because of ill health, a disability, because you are caring for others, or during a crisis.

Community Connect is the single point of access for all general health and social enquiries in North Somerset for the over 50s, outside those provided by your GP. Community Connect offers impartial advice and can guide you towards social care services offered by North Somerset Council, or put you in touch with voluntary, statutory or private sector organisations.
