Welcome to the June edition of Your Patch – your handy summary of council activities taking place across North Somerset.

Your Patch aims to provide you with an easy to use, quick guide to what’s coming up in your ward during the next month.

This issue also includes messages from Avon and Somerset Police following the terror attack in Manchester and the raising of the terror threat level in the UK to ‘critical’ – information you may wish to share with your communities.

To view works and events in your ward scroll to the map, click on your ward name and you’ll be taken straight to information about scheduled works due to take place in your ward, including gully cleaning, road repairs and more.

Your Patch contains information about council works – for information on planned works by companies such as Bristol Water, Western Power, Virgin Media and BT, visit northsomerset.roadworks.org where you’ll find the latest dates for all planned works on our roads.

Please note that the dates quoted are subject to change – while we do our best to stick to our programmed schedules sometimes circumstances change and we have to rearrange works, for example in the event of bad weather.

And even if there aren’t any works due to take place in your ward, our reactive maintenance crews will be working across the district responding to reports and requests from our residents.

**Let us know what you think**

Your Patch isn’t intended to replace the communications you already receive from us – see the next page for more information on these. We want to make sure Your Patch includes all the information you want to know, so if you have any feedback, comments or suggestions on what could be included in future issues please let us know.

Look out for the June issue of Your Patch arriving in your inbox at the end of June.

i Vikkie Page, Marketing and Communications Officer, 01934 427 317
**Reporting problems and finding out more**

The quickest way for you and your residents to report problems is to visit [www.n-somerset.gov.uk/connect](http://www.n-somerset.gov.uk/connect) where you can report, request and pay for a wide range of services.

By using the online system, the information goes directly into our systems so that we can respond quickly. People who aren’t able to use the online system can contact us on 01934 888 802 – these calls are dealt with by our contact centre who process the report or request.

Other useful sources of information to stay up-to-date with what’s happening in your ward include:

- [northsomerset.roadworks.org](http://northsomerset.roadworks.org) - this website contains information about all roadworks activity, including work being undertaken by utilities and private companies. You can also set up daily, weekly or monthly email alerts to be sent to you about works happening in a specified area.
- [www.n-somerset.gov.uk/planning](http://www.n-somerset.gov.uk/planning) - our planning portal where you can view, comment and get advice about applying for planning permission. Remember to look out for the regular members’ email containing the latest planning applications.
- [innorthsomerset.co.uk](http://innorthsomerset.co.uk) - the website co-ordinated by our economic development service which provides business advice, support, data, news and more.
- [www.discovernorthsomerset.co.uk](http://www.discovernorthsomerset.co.uk) - our new tourism website with information about events and attractions across North Somerset.
- [Streetscene](http://www.n-somerset.gov.uk) - our monthly round-up of the work carried out by our streets and open spaces, waste and recycling, seafront and events and highways and transport teams.
- [Members Only](http://www.n-somerset.gov.uk) - your twice monthly update with news from across the council.

**Across North Somerset in June**

In each issue we’ll also bring you a summary of events or works taking place across North Somerset. This month’s update includes:

- **General election**: it won’t have escaped your notice that a general election will be taking place on Thursday 8 June! 125 polling stations across the North Somerset and Weston-super-Mare constituencies will be open from 7am to 10pm for people to cast their vote, and counting will get under way once polls have closed. All in all over 400 people will be involved in staffing polling and counting arrangements for the election.
- **Highways roadshows**: we’ll be holding a roadshow event on Thursday 22 June, offering people the opportunity to discuss our approach to road maintenance with our highways officers. The event will be in the Sainsbury’s car park in Portishead – there’s more information at [www.n-somerset.gov.uk/portisheadroadshow](http://www.n-somerset.gov.uk/portisheadroadshow).
Advice after the Manchester attack

As you will be aware, as a consequence of Monday’s terror attack in Manchester, the terrorism threat level has been raised to ‘critical’ in the UK. We are working closely with Avon and Somerset Police to provide community reassurance and ensure that residents and visitors remain alert but not alarmed.

The police have shared with us some messages which you may find useful in your own communications with your communities. We are particularly mindful that some of you may be organising your own events over the summer months and might find the advice useful.

- There is currently no known threat to the South West and it is unlikely we will need to call on support from the military although the situation is being kept under constant review.
- We instigated Op Link – a teleconference with all our Local Resilience Forum partners spanning every public agency across the force area. We continue to work closely with all emergency services.
- Neighbourhood teams are providing support to different places of worship, and the Force Chaplain and his team are working with people of all faiths in the community.
- We’re also re-assessing significant public events to review security and police support.
- Members of the public are likely to see an increased police presence at large public and community events and they shouldn’t be alarmed by this.
- Officers from event planning teams and protective security experts will be working with event organisers to ensure venues have appropriate security measures in place.
- We would always ask the public to be vigilant and report anything they think might be suspicious to us.
- We depend on information from the public, who can be our eyes and ears, in our efforts to keep us all safe.
**Backwell**

**Roadworks**
We’ll be carrying out surfacing works on the A370 Farleigh Road in Backwell and the A370 Main Road in Flax Bourton, between the junctions with Station Road and Stancombe Lane. The works are due to start on Monday 19 June and will take place overnight in order to minimise disruption on the busy route. We expect the works to take two weeks to complete with our crews working from 8pm to 6am each night, with no works during the weekend. The road will be closed so our crew can work safely. The diversion route will be via Brockley Combe Road, Downside Road, A38 (Bristol Road, Potters Hill, Bridgwater Road), A4174 (Colliters Way), A370 Long Ashton Bypass and vice versa.

---

**Banwell and Winscombe**

**Surface dressing programme**
Patching repairs to Sandmead Road and Churchill Green (between the junctions with Nye Road and Church Lane) are now due to take place on Monday 12 and Tuesday 13 June.

We’re patching the roads ready for them to be surface dressed, which is due to take place in July. Surface dressing is a road surface treatment that extends the life of a road, protecting it from water damage and enhancing the skid resistance, therefore improving road safety. We use it on roads where the structure is sound but the surface has started to deteriorate.

The programme is subject to change - remember to use [www.n-somerset.gov.uk/roadworks](http://www.n-somerset.gov.uk/roadworks) to find out the latest dates for our surface dressing programme.

School holiday library fun
Clevedon library will be holding their popular Lego club during the Whitsun school holiday, including on Thursday 1, Friday 2 and Saturday 3 June. The club will run from 2pm to 4pm and is for children aged four years and over. Children will need to be supervised by a parent or carer. All Lego is provided – the children just need to bring their imagination and building prowess! For more information contact the library by emailing Clevedon.library@n-somerset.gov.uk or calling 01934 426 020.

Surface dressing
During June we'll be carrying out patching repairs to the B3124 Clevedon Road, between the junction with Holly Lane and the roundabout by Gordano School, ready for the road to be surface dressed later in the summer.

Surface dressing is a road surface treatment that extends the life of a road, protecting it from water damage and enhancing the skid resistance, therefore improving road safety. We use it on roads where the structure is sound but the surface has started to deteriorate.

The patching works are due to start on Monday 19 June for three days, with the surface dressing due in July. The dates are subject to change - remember to use www.n-somerset.gov.uk/roadworks to find out the latest dates for our surface dressing programme. We'll need to close the road between 9.30am and 3.30pm when the works take place so that our crew can work safely.

Patching repairs
We'll also be carrying out patching repairs to Queen’s Road, between the junctions with Sunnyside Road and the B3130 Old Church Road, on Thursday 29 and Friday 30 June. Our crew will be working between 8am and 5pm each day and we'll need to close the road so they can work safely. The diversion route will be via B3130 Old Church Road, B3133 The Triangle, Chapel Hill, Lower Linden Road and Sunnyside Road.
Clevedon – South
