

Funerals and Coronavirus (COVID-19)

Our deepest sympathies for your loss at this difficult time. Please continue to do your best to maintain your distance and keep everyone safe.

- Only the following should attend:
- members of the person's household
 - close family members
 - or if the above are unable to attend, close friends

Do not attend if you are unwell with symptoms of coronavirus (COVID-19)

Please stand at least 2m apart

Put vulnerable or shielded mourners in a safer, more isolated position

Please do not hug anyone from outside your household

Please do not shake hands

Please wash or sanitise your hands before and after the event

After the funeral, consider a deferred celebration or memorial service, to be held after the social restrictions are lifted and at a time when attendance and shared mourning can safely take place.
