Meet your NEW local Police Community Support Officers

PCSO Connor Aitken & PCSO Kate Turner

Key Contact Details are:

Connor.aitken@avonandsomerset.police.uk

Cathryn.turner@avonandsomerset.police.uk

A message from your PCSO's

We would like to take this opportunity to introduce ourselves as your new local Police Community Support Officers. It is currently a difficult time for us to get to know you all but we look forward to meeting the residents of our beats and keeping Redwood beat safe.

Connor has been a PCSO for the past year and is very keen to get to grips with local issues and developing good links within the community. Kate has been a PCSO for 13 years and along with Connor is looking forward to meeting the residents of the Redwood beat.

Can we remind residents of the government guidelines regarding social distancing and staying safe during the COVID-19 pandemic.

As expected there has been a drop in the crime rate within Redwood due to the COVID-19 pandemic. (We would like to think it's because we have taken over the beat)

There are still issues with COVID-19 breaches in the likes of Ashton Court, North Road etc of unnecessary travel, sunbathing, picnics and large groups.

Speeding has also been an ongoing concern during this time. As a neighbourhood team we will be performing speed checks in the coming months in several locations within Pill, Long Ashton and ..

Good News Story - Our Easter treat!

Our team made the decision to bring Easter to the young people stuck in lockdown, the team got some money together and purchased a large number of Crème Eggs. With a little help from our colleagues in Nailsea we distributed Crème Eggs to various locations within Pill.

To see the smiles in these hard times was fantastic. Happy Easter to all those from the neighbourhood policing family.

Our high target patrols:

- o School Patrols
- o ASB hotspots
- o 5G Mast Sites
- o High Streets and surrounding roads

Please let us know anywhere else you feel would benefit from more

Protect yourself against COVID-19.
